# POLICY ON ANTI-TRUST

The Chamber is a not-for-profit organization. The Chamber is not organized and may not play any role in the competitive decisions of its members, nor in any way restrict competition among members or potential members. Rather it serves as a forum for a free and open discussion of diverse opinions without in any way attempting to encourage or sanction any particular business practice.

To ensure the Chamber and its members comply with antitrust laws, the following principles will be observed:

1. The Chamber or any committee, section, chapter, or activity of the Chamber shall not be used for the purpose of bringing about or attempting to bring about any understanding or agreement, written or oral, formal or informal, expressed or implied, among two or more members or other competitors with regard to prices or terms and conditions of contracts for services or products. Therefore, discussions and exchanges of information about such topics will not be permitted at meetings or other activities.
2. There will be no discussions about whether the practices of any member, actual or potential competitor, or other person are unethical or anti-competitive, unless the discussions or complaints follow the prescribed due process provisions of the Chamber's bylaws.
